

# Canvas Virtual Training : 11/11/2020

## Details

- Trainer: Paris Azarand
- Time: 11:00 am EST
- [RingCentral Link](#)
- [Training Agenda](#)

## What to Expect

Please know that your Institution is doing all they can to deliver the top quality training to the most people possible. This training session will have a large number of attendees. Therefore, the trainer may not be able to stop and pause the training. Use cases and examples will need to fit the general audience. Finally, the number of questions that can be asked of the trainer may be limited. Your institution will receive a recording of the session. Below are some additional resources and tips to get ready for your training session.

### Know how to log in

1. Navigate to <https://queens.instructure.com/>
2. Login is your institution email address
3. A Sandbox course (course to play and experiment with) is available on your Dashboard and will be used during the training.

### During the Training

If you do not have an external monitor, during the training split your screen ([Mac/Windows](#)) to see the RingCentral Screen on one side and your Canvas Course on the other. Or, know how to [switch back and forth between screens](#) easily.

### Additional Training Resources

*Getting First Day Ready* provides a solid training foundation in a work at your own pace style. This is located in the [Training Services Portal](#).
